

## **A Scrapbook of Memories**

Scrapbooks help us remember our fondest memories long after we've made them. Why not capture your year together.

- Begin a scrapbook that will last throughout the year.
- Buy a disposable camera, use your own or use the school's Polaroid.
- Collect photos, drawings, poems and trinkets.
- Let your mentee take his/her own photos with a disposable camera.
- Add all items and photos to the scrapbook.
- Write captions together underneath the photos and the dates when they were taken.
- Have your mentee write a caption describing the things, people and events that have been photographed.
- Add colorful stickers around the photos.
- At the end of the year, give the completed scrapbook to your mentee to keep as a memory of your time together.
